Letter No 8567 of the 14th ³²⁴
March 1904 from the Sd of Cash
regarding the receipt and payment
into the Treasury of fees collected
in Village Schools

Printed copy put up-

In para 7 of G.O. No G 3357
of the 6th January 1904, it was observed
that the Sheikdars who disburse the
pay of the Village School teachers, should
receive the fee collections for payment
into the Taluk Treasury

From the present letter of
the Sd of Cash it would appear that the
Sheikdars expect the Village School
masters to go to them (Sheikdars)
offices for payment of the fees. This
arrangement would be highly incon-
venient as it would compel every
master to absent himself from the
School for one or two days in each month

The I. G. therefore requests that the school days may be instructed to go to the Village Schools for receiving the fees after making the necessary acknowledgment

Submitted for orders with a copy to
KMS
24/3/04) in accordance with the
Secretary Mr. Shankaravandana
instructions on the back of the 1st letter

Perhaps it would be as well to ascertain what the Revenue Comm. or the Deputy Commr of District may have to say on the arrangements proposed, by which each schoolmaster ~~will~~ ^{would} have to go round to each school once a month to the detriment perhaps of his revenue duties. The Commr too may be consulted

to receiving the fee collections from Village Schools for payment into the Taluk Treasury. The latter adds that, as under ~~para 7 of~~ G.O No 3216^x-673 of 13/2/04, the Sheikdars have to camp out for not less than 20 days in a month, there will be no difficulty for them to go to the important centres in their respective hobles where there are Schools, and disburse the pay of School masters and receive School fees from them and that in accordance with para 7 of G.O No 3357^x-67 of 6th January 1904, orders have already been issued to all Amildars to instruct Sheikdars to receive School fees and disburse the pay of teachers and that the system is in force in the District.

The other Dy Commrs are of opinion that, as the Sheikdars have heavy work

of multifarious nature, they should not be further burdened with this work of a trivial nature which may be conveniently entrusted to the Patels. The Dy Commr of Kolar and Chitaldrug add that the School masters should be provided with chalan books to obtain acknowledgement for payment of fee collections.

The Rev Commr supports the opinion of the majority but defers giving his final opinion till after the receipt of replies from the Dy Commrs consulted.

As the opinions of all the Dy Commrs have been received in this office, may the whole file be sent unofficially to the Revenue Commr for his further and final opinion.

From

H J BHABHA 180

Inspector General of Education in Mysore

To B K Venkataravdicgar Esq
Offy Secretary to Government,
General and Revenue Departments,
Bangalore

SIR,

With reference to Government Order
No 3357-67 dated the 6th January 1904 sanc-
tioning the levy of a revised scale of fees in
Colleges and High Schools and directing the
levy of fees in Village Schools, I have the
honour to forward herewith a copy of Circular
No 2042 dated the 28th February 1904 issued
by the Comptroller with reference to para
of the above Order Para 7 of the order points
to the desirability "that the Sheikdar who
disburses the pay of the village teacher
should receive the fee collections for payment
into Taluk Treasury". As far as I can see
is not intended that School Master
Villages should leave their post and go
village in which the Sheikdar resides or
his office for paying the fee collections into

his hands. From the reports however which I have received from some of the Inspecting Officers, I find that the Sheikdars expect the School-masters themselves to take the fees to them. If Sheikdars will not go to villages which have Government Schools for receiving fees from School-masters, I fear that almost every Chobli school in the State will be closed one or more days every month and under pretence of having to take the fee collections to Sheikdars, many Schoolmasters will absent themselves from their villages without the knowledge or permission of their Superiors. It is with a view to prevent Schoolmasters from absconding themselves in that manner that their pay is in accordance with the arrangement now in force, disbursed to them by Sheikdars. Under these circumstances I request that Government may be pleased to issue necessary orders to the Deputy Commissioners of Districts asking them to direct the Sheikdars to go to the villages in their Chobli for the purpose of receiving fee collections and acknowledging the receipt of fees both in the "Attendance and Fee Register" and in a separate printed form as has been directed by a departmental circular of which a copy is enclosed. The Sheikdars will thus have an opportunity of checking the entries in the school Registers and of satisfying themselves that the proper amount has been collected in a month.

I have the honour to be,

your most obedient servant,

H. P. Shabha
Jr. P. District Officer

Circular No 2042 dated 28th February 1904
Rec 248 7th March 1904

The Government of H H the Maharaja of Mysore having in Proceedings No 4 3367-67 dated 9th January 1904 sanctioned the levying of fees in Village Schools and directing that the Sheikdars should receive the fee collections for payment into Taluk Treasuries the Comptroller has the honor to request that the Deputy Commissioners, Treasury Department will be so good as to instruct the Amildars of Taluks to receive the village school fees tendered to their Treasuries by Sheikdars and credit the same to a new head of account under Village Schools to be styled "Schooling Fees" care should be taken that the payments made are accompanied with Chellans prepared in the prescribed ~~and then prescribed~~ printed form in which sufficient details are entered to enable the Treasury to credit the amount to its proper head of account. A subsidiary statement giving details of the schools and the amount of fee paid by each should accompany the District Treasury account submitted to the Comptroller monthly in support of the total credit brought to book therein.

Sir, ✓

In reply to your letter No
5128-36 dated the 11 April 1904,
enquiring whether there is any
objection to the Echeidars being
instructed to receive the fees for
payment in to the Treasury when
they go to disburse the pay of the
village school masters, I have
the honor to state that the ar-
rangement proposed by the
Inspector General of Education
is unworkable in several ways
First of all the Echeidar's time
is not his own, nor is it possible
for him to so arrange his work
as to be able to visit the schools
in his hole invariably on or

about certain fixed dates. He's
cannot foresee what work crops
up for him suddenly to upset all
his programmes. His employment
special duty such as of furnishing
supplies to Camps of big of-
ficers and high personages and
other Government Officers car-
rying on survey or other opera-
tions render it impossible for
him to attend to the work now
proposed to be imposed on him.
so as to give satisfaction.

That the Sherikdar on whom de-
volves heavy and responsible
work of great importance should
be called upon to do the trivial
work of carrying school fees
to the detriment of his other work
simply to prevent school masters,
from absenting themselves from
their schools on pretence of taking
the fee collections to the Sherikdar
is certainly not desirable. The
remedy proposed is in my
opinion worse than the existing
evil. I would suggest that a

Upateles might be directed to receive
such collections and permit them
to the Saluk Treasury/ Emularray
they might also draw and dis-
burse the salaries of school
masters and send their receipts
to the Saluk Treasury. This will
relieve the Sherhda's of a very
troublesome duty & in itself in-
volve but causing great dis-
turbance and often vexation
to both departments

quiring whether in my opinion
there is any objection to the Shetdan

prima facie the most convenient
course seems to be for Schoolmasters
to pay the fees, like Government

Departments

Sir,

With reference to your No -
5128 36 dated 11th April 1904 calling
for my opinion in the matter of
remittance through the Shekdars
of the fees collected by the Village
School masters, I have the honor to
~~state~~ state that I think there are objections to
the course suggested.

The Shekdar in the midst
of his multifarious duties will,
I fear, be not able to visit each
school master every month at the
proper time and receive the fees
collected by the latter. There is danger
if the money accumulating in the
hands of the School masters if the

Shekdar, should not find he is
to go there and it is not
at all that the Shekdar goes
self to do it as the fee of the School
master. Judge of the risk
taken by the present set of
Shekdar, who is to be
responsible for work or respon-
sibility

3 But there is another agency
ready to hand which I think
will suit admirably for the
purpose. The Patel of the village
is the representative of Govern-
ment and so long as he is charged
with the duty of collecting and
remitting the land and other
revenues, I fail to see any
objection to his being entrusted
with the School fees collected
with a view to his remitting
the same to the Treasury. The
amount of the fees will not

is a very heavy item and considering the general trustworthiness of the Patels as a class, the money is safer in their hands than in those of Shikdars

4 I would suggest that each School master may be supplied with a Chellan book containing the Chellan forms in triplicate. One of these will be the Counter-foil in which the School master will take the Signature of the Patel for the amount delivered to him for remittance to the Treasury. The other two forms will be duly filled up and given to the Patel by the School master along with the amount to be remitted. On presentation of both these forms at the Treasury one of them will be retained there and the other returned to the Patel with the acknowledgment of the Treasury Officer for the amount remitted. The Patel will then return the same to the School master after

Take of a receipt for the latter, for the delivery of the same. The School master will thereupon attach it to the Counterfoils B, & so arrange sent the School master can promptly bring to the notice of the authorities if there is any delay, on the Patels' part in paying the amount & not asked to hinder any officers who inspect the School and examine the Bhellan book & will be able to find out at a glance any instances of such delay.

5 In order to avoid too frequent demands on the Patels help by the School Master, it seems necessary to restrict the remittances to once a month. For the sake of convenience, all School-fees may be made recoverable by the 20th of each month and the collections handed over by the School Master to the Patel immediately, after the above date. The Patel will have to remit the amount to the Treasury and obtain and deliver the Treasury receipt to the School Master before the end of

the month The above arrangement will sent both the School master and the Patel The work of checking the amount actually, due and collected in the several Noble Schools may be left to the Inspecting Officers of the Educational Department

Sir,

With reference to your docket no
5128-36 dated 11th ultimo enquiring
whether there is any objection to the
Shekdars being instructed to receive the
School fees for payment into the
Treasury when they go to disburse the
pay of the Village School masters I
have the honor to state that such an arrange-
ment in my opinion would not work
well in practice. Although the Shekdar is
supposed to disburse the pay of the School
masters in person he is frequently unable
to do so owing to other calls of duty when he
sends the money to the School Masters
through his peon and gets their written
acknowledgment; but it ^{will} be objection-
able and ^{lead} to complications
if the same peon who is generally

2. Instead of the proposed arrangement the difficulties of which would be aggravated in consequence of the revised and in many cases extended local jurisdiction of Shekdars under the new scheme which will come into force from the next official year, I would propose that the Village Schoolmasters be directed to pay the School fees with a proper Challan to the Patels of the respective villages, obtain their acknowledgment therefor and make an immediate report of the same to the Taluk Amildars to enable them to see that the fees are duly remitted to the Treasury by the Patels. The receipts granted by the Patels who are responsible village Servants entrusted with the much heavier revenue Collections would be a sufficient voucher for the School masters, and the Patels will have no difficulty in remitting the School fees along with their other remittances or with their monthly returns they will be sending to the Taluk Cutchery. There is no objection to the Shekdars checking the levy and collection of the fees by the Schoolmasters whenever they happen to visit the Schools, but the main responsibility for this will, of course, rest with the

calling for my opinion about
Shekdars being instructed to receive
village school fees for payment into
the Treasury when they go to dis-
burse the pay of village school
masters, I have the honor to state
that the Shekdars have already
enough of work to attend to and I
therefore

therefore think that any condition to it is very undesirable tending as it does to confusion and accumulation of arrears

2 The simplest and most-satisfactory method that suggests itself to me is that the fees collected may be paid to the hands of the Patel, who may be directed to remit the same to the Treasury when he goes to the Taluk Cutchery. Patel should issue receipts or sign a receipt book which a school master keeps for the purpose. This will in my opinion remove all the inconveniences to school masters and also not throw much work on the already over-worked Shekdar

The object of Government in laying down that the pay of the Village School Masters should be disbursed by Shekdars presumably is to prevent the School Masters from absenting themselves and closing the Schools for one or more days in each month on the plea of going to receive their pay at the Treasury. This object will be obviously frustrated if the School Masters are required to take the fee collections themselves to the Treasury or to the Shekdar in which latter case they would have to go in search of the Shekdar and thus absent themselves from their Schools for more than a day in each month. Besides there will be no check as to whether fees are being regularly collected and whether all the amounts collected

inholders on this subject, I concur in the opinion expressed by the Inspector General of Sanction in his letter No 8569-324 dated the 14th March 1904 addressed to you on the subject. The object of Government in laying down that the pay of the village school masters should be disbursed by the Khans, presumably is to prevent the school masters from absenting themselves and closing the schools for one or more days in each month on the plea of going to receive their pay at the Treasury. This object will be obviously frustrated if the school masters are required to take the fee collections themselves to the Treasury or to the Shekdar in which latter case they would have to go in search of the Shekdar and thus absent themselves from their schools for more than a day in each month. Besides there will be no check as to whether fees are being regularly collected and whether all the amounts collected

are being actually credited to the Treasury, except when the Deputy Inspector of Schools visits and checks the attendance and fee registers which perhaps may not be more than once in a year. By requiring Shukdars to receive the fee collections from the School Masters some kind of check will be provided for. As per recent orders conveyed in Government Proceedings No. 2163-73 dated the 13th February 1904 sanctioning the Scheme for the improvement of the Shukdar Service in Mysore it is laid down that Shukdars should camp out for not less than 20 days in a month, and as such it will not be difficult for them to go to the villages where there are Schools and to disburse the pay of the School Masters and receive the fees collected. Besides there are generally not many such Schools in each Hobli so as to take up much of the time of the Shukdar for the above work and the few Schools that are established

With reference to your docket No 5128-36 dated 11th April 1904 enquiring whether there is any objection to the Sheikdars being instructed to receive School fees for payment into the Treasury, and in continuation of this Office letter No 6349 dated 25th April 1904 I have the honor to state as follows

2 From copies of letters addressed to Government on this subject by the Deputy Commissioners of Districts, submitted to me, I find that all the Deputy Commissioners except those of Hassan and Shimoga, consider it inadvisable to saddle the Sheikdars with this additional work of collection of School fees and propose that village School masters may be asked to pay the fees to Patels and get receipts from them. I concur in the view expressed by the majority of the Deputy Commissioners and beg to confirm the opinion expressed by me in this office letter of 25th April on this subject. Sheikdars must be scouring the country and their itinerancy should not be hampered with the care and custody of Government money because indeed the loss or discrepancy of a Rupee of Government money often times leads to complications and prolonged inquiry and correspondence detrimental to legitimate work.

I beg to add that the present system of Sheikdars be-

being required to disburse the pay of the School masters seems to be working unsatisfactorily and a source of constant complaint and recrimination I would therefore suggest that the Head masters of Schools be required to attend the Taluk Treasury themselves on pay day or even on a fixed day say the 10th day or the 2nd Monday ~~or~~ or Sunday of the month following that for which pay is due and receive the pay due for the entire School Establishment To facilitate this the weekly school holiday may be fixed for Monday which is an off day with the agricultural classes in preference to Sunday ^{or} which public Offices and Treasuries are closed in pursuance of a long established custom
